LITHUANIAN POST 154

BALTIMORE, MARYLAND

INTRODUCTION

Lithuanian Post 154, in the Northern Maryland Region, District 4, is without doubt the most unique post in The American Legion Department of Maryland and may be able to claim the same for the entire American Legion organization. Its uniqueness starts with Lithuanian Post 154's name. It is not named, as most posts, after one of the nation's great military heroes or a geographical area, but an ethnic nationality. Lithuanian Post 154 was founded by Lithuanian immigrants after WW I. Likewise, most of today's post members are Lithuanian immigrants or their descendants that are proud Americans who cherish their Lithuanian heritage, culture, and history of the Lithuanian people. As such, a significant number of its members do not even live in the State of Maryland but have joined because of their shared heritage.

Decades have passed and posts all over the nation have lost all of their World War I members, their World War II and Korean War members are being depleted daily, and even our Vietnam War members are now joining the ranks of senior citizens. Since time is not on our side, in 2018 for Lithuanian Post 154's 75 Year Anniversary Celebration, the Post published a history booklet that documents in great detail Lithuanian Post 154's early history as well as the contributions early Lithuanian immigrants made toward America gaining its independence and maintaining its freedom since the American Revolution. Since the 75 Year Anniversary booklet had page limitations to keep it within budget, the post started work on this "Ongoing Post History" The Ongoing History includes the material from the booklet and follows with events that prompted the establishment of Lithuanian Post 154 and continues in yearly order thereafter. This year's 2024-2025 history will be added to the Ongoing Post History and that of every subsequent year will be added in a similar manner.

Lithuanian Post 154 is submitting this history using the framework of The American Legion One-Year Post History, but with some deviations. Rather than including the establishment of The American Legion, American Legion Preamble, listing Lithuanian community's WW I and WW II veterans or copies of Post 154's Original Charter documents, etc. in the One-year Post History, the reader is directed to find these permanent historical documents in the Ongoing Post History Appendix - A and Photo Scrapbook in Appendix - B.

On Sunday, November 30, 2025, Lithuanian Post 154 continued its annual "Back to God" Mass that was held at Our Lady of Victory Church, Arbutus, Maryland. These masses began during the early 1950 era when The American Legion took a strong anti-Communist stance, consistent with the Preamble to the American Legion Constitution, which begins with the words "For God and Country". The American Legion formally endorsed a "Back to God" movement resolution during its 1951 Miami National Convention and these masses were soon adopted by many posts and divisions around the country. They started in Maryland in 1953 by Father Anthony Dranginis, Lithuanian Post 154, a World War II combat Marine veteran, who served as our post Commander, Chaplin, and for many years the Department of Maryland Chaplin. With a few exceptions, this mass has been held yearly since that time. These services initially began in the form of Catholic military field masses held at Holy Redeemers and later at the Baltimore National Cemetery on Memorial Day. For many years, the masses were a recurring event on the American Legion, Baltimore Division, calendar, but they wane over time. After this year's mass, held at Our Lady of Victory Church in Catonsville, Lithuanian Post 154 members, their spouses, and attending friends, met for lunch and socializing at a nearby restaurant. Our honored guest was Ronald L Holcombe, an Alternate National Executive Committeeman for 2023-2024 who attended the mass.

APPENDIX - A - ONGOING HISTORY OF LITHUANIAN POST 154

The American Legion:

After WW I ended, troops lost a sense of purpose and moral was getting low. It was obvious that thousands of veterans who had become accustomed to rely on their buddies in the foxhole for friendship and support will feel isolated when they return to civilian life. To improve morale, minimize stress and provide an environment for ongoing veteran support, The America Legion veteran fraternal organization was founded.

The American Legion was chartered by Congress in 1919 as a patriotic veteran organization. Focusing on service to veterans, servicemembers and communities, the Legion evolved from a group of war-weary veterans of World War I into one of the most influential nonprofit groups in the United States. Membership swiftly grew to over one million, and local posts sprang up across the country. Today, membership stands at nearly two million in more than 13,000 posts worldwide. The posts are organized into 55 departments: one each for the 50 states, along with the District of Columbia, Puerto Rico, France, Mexico and the Philippines.

Over the years, the Legion has influenced considerable social change in America, won hundreds of benefits for veterans and produced many important programs for children and youth

Department of Maryland:

The American Legion, Department of Maryland is a veteran and a community service organization which now numbers nearly 40,000 members. It has men and women in 128 American Legion Posts throughout the state of Maryland. These posts range in size from 15 members to over 1,400 members in a given post. Since its chartering in 1919, the Department of Maryland has continued The American Legion's commitment to community, state, and Nation through programs dedicated to Veterans Affairs, Americanism, Children & Youth, and National Defense/Homeland Security.

THE AMERICAN LEGION PREAMBLE

To uphold and defend the Constitution of the United States of America
to maintain law and order;
to foster and perpetuate a 100-percent Americanism;
to preserve the memories and incidents of our associations in all wars;
to inculcate a sense of individual obligation to the community, state and nation;
to combat the autocracy of both the classes and the masses;
to make right the master of might; to promote peace and good will on earth;
to safeguard and transmit to posterity the principles of justice, freedom and democracy;
to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

History of the Preamble

The American Legion was chartered and incorporated by Congress in 1919 as a patriotic veteran organization devoted to mutual helpfulness. The Preamble to The American Legion Constitution is a list the principles why the organization was created which continues to this day.

The actual document was prepared before the historical St. Louis Caucus in May 1919 that formed The American Legion. A Committee consisting of John C. Greenaway of Arizona, Hamilton Fish of New York, and George N. Davis of Delaware. They met in private and spent many long evening hours discussing such a document before they agreed upon the principles. Each man then went in seclusion the night before the Caucus was to begin and prepared a draft. Early the next morning they met to compare their drafts and then wrote their proposed Preamble. The Preamble exactly as they wrote it was adopted by the entire Committee on the Constitution and later by the entire Caucus. It was officially adopted in November 1919 at the first National Convention of The American Legion. It is incredible that over the years the Preamble has only been changed once. In 1942, the word "war" was changed to "wars".

Although the sacred words used in the Preamble of The American Legion Constitution are clear and easily understood by one and all. The American Legion still encourages all of its members and supporters take a few moments to read and ponder their meaning of this document regularly and how they apply to our modern-day world. For the vast majority these words are just as true and meaningful today as they were when first written.

For God and Country, we associate ourselves together for the following purposes

...The American Legion recognizes the influence of Almighty God in all worthwhile endeavors and declares the allegiance of Legionnaires to both God and nation.

To uphold and defend the Constitution of the United States of America...

The Constitution of the United States is the written bulwark of our free way of life and representative government. It is our guarantee of liberty, freedom, justice and democracy. Members of The American Legion bore arms and went to war to defend and uphold this document of freedom.

To maintain law and order...Without law and order, liberty would become license. Law and order protect our pursuit of happiness, one of our God-given rights. Members of The American Legion served in wars to uphold law and order among nations. It is just as important to maintain the due processes of law in our domestic affairs. It binds Legionnaires to obey the laws of the land and to support the constituted authorities in enforcing those laws.

To foster and perpetuate a 100 percent Americanism...Americanism is the gist of the American ideals of freedom, justice, individual rights and unlimited opportunities. It embraces all the freedoms we cherish and all the rights that are guaranteed to us. It is the very opposite of hatred, bigotry and intolerance. Americanism is the creed that has

blazed the world-wide trail for justice, fair play, decency, belief in God, private enterprise, universal education, and progress in all human endeavors. It puts a premium on the virtues of loyalty, patriotism, hard work and thrift.

To preserve the memories and incidents of our associations in all wars...Service in defense of America is the greatest experience in the lifetimes of all veterans. Recalling the highlights of that service means more than flashbacks to tense moments of excitement and danger in battle: the grime of muddy trenches, the perils of sub-infested oceans and the combat in the wild blue yonder. It means also the ineradicable recollection of the comradeships, the bravery of pals, the team work, the sacrifices, the miseries and hardships of military campaigns shared in common. It means the bond that binds all ex-servicemen and women together in mutual affection, respect and gratitude. It also means keeping green forever the memories of the supreme sacrifices of gallant American patriots, sacrifices necessary to the winnings of wars. It means faithful annual observance of Memorial Day and Veterans Day.

To inculcate a sense of individual obligation to the community, state and nation...Always interested in building a better nation, the founders of The American Legion believed that such building must start first with the individual in their own community. Our founding Fathers it one of the cardinal principles of The American Legion to inculcate that sense of personal obligation to the community, state and nation into the individual citizen. That means educating the citizen – young, old and future – in his and her responsibility to be active in making the hometown a better place in which to live, in discharging the duty of voting in elections, in paying taxes promptly, in contributing to community chest funds and to blood banks. The word “inculcate” means “to impress by frequent admonitions” and “to enforce by frequent repetitions.” Like the duties themselves, the reminders that they remain to be carried forward are never finished.

To combat the autocracy of both the classes and the masses...This clause places the Legionnaire on the side of right in opposing autocracy by either class or mass when this threatens. In a democracy such as ours, composed as it is of all nationalities, races, creeds and economic groups, there are bound to be both classes and masses. Indeed, the masses are composed of classes – but all groups within the mass must feel assured that in this nation, reason and fairness will prevail in all human activities and relations.

To make right the master of might...Many wars have been started by dictators who wanted their might to be the right. If human freedom is not to perish from the earth, right must always be master of might. The rights of small nations must be protected against the tyranny that powerful neighbors may seek to impose on them, just as the rights of minorities in our society must be protected and respected. Legionnaires are pledged by this clause always to stand with the right, protect the weak and preserve the liberties of the individual. This concept is the basis of The American Legion's continued advocacy of a strong national preparedness so as to achieve the ideal situation that right will be backed by adequate might.

To promote peace and good will on earth...Until the entire world becomes a good neighborhood, Legionnaires must continue the effort to promote peace and good will on earth. It is in pursuance of this founding ideal that The American Legion has supported from the beginning and seeks to strengthen the United Nations organization. Obliquely, The American Legion also contributes to this ideal by firmly supporting a strong national defense to discourage breaking of the peace by aggressors.

To safeguard and transmit to posterity the principles of justice, freedom and democracy...On this ideal of safeguarding and transmitting the principles of justice, freedom and democracy, all of the youth-training programs of The American Legion are built. All Americans can be proud that in our international relations we have tried to live by the golden rule, the mark of justice. We have granted to others, as we prize it ourselves, the great boon of freedom.

These principles are part of the American heritage. Legionnaires are pledged to protect and preserve that heritage. To consecrate and sanctify our comradeship by our devotion to mutual helpfulness This is the most important ideal expressed in our preamble. We can hail The American Legion today as an unparalleled force in these United States for social betterment. American Legion concepts and its ideal of devotion to mutual helpfulness warmed the entire social climate of America. Today America is extending its helpful hands all over the world through our assistance programs of foreign aid. This all came about because the veterans of World War I came home enriched with wonderful ties of friendship and gave those ties meaning by consecrating them to the ideal of mutual helpfulness.

Baltimore Lithuanian American Community:

Although Lithuanian Americans can be documented as arriving in America in colonial times and serving in Pennsylvania militias. They were generally single males seeking to make fortunes and were largely assimilated into the German colonist communities that William Penn encouraged to come to America. Other arriving Lithuanian immigrants served in the American Revolution. A good number came after the failed Polish-Lithuanian insurrections against the nation's Russian occupation in 1812-14, 1831, and 1863-64. Some of these immigrants came with their families, but never in sufficient numbers to establish Lithuanian Communities. It was not until after the Civil War that Lithuanians became arriving in sufficient number to establish their own little neighborhood in Baltimore.

Most of the Baltimore Lithuanian American Community can trace their family roots to immigrants of the first large Lithuanian immigration wave who arrived in the city during the 1880s through 1914 period. Many of these Lithuanian immigrants were military veterans who had been forcibly inducted into the Russian Czar's army or just fled the existing Russian oppressive occupation. Others fled their country to escape famine, serfdom (a form of slavery that compelled peasants to work landowner's property without any rights) and harsh retaliation by the Russian Czar after a series of failed insurrections to gain freedom. Upon arriving in America, the uneducated

immigrants got jobs that Americans did not want. Many Lithuanians went to Chicago to work in meat packing plants, many went to Pennsylvania to work in coal mines and others got jobs in garment industry "sweat shops" in Boston and Baltimore.

These early American Immigrants did not find the government social support programs available today. There was no Unemployment Insurance, Medicaid, Food Stamps, etc. to help them in case of disability or job loss. To obtain a degree of security in case of hard times, immigrants formed their own mutual aid societies based on religious, occupational, or some other common interest much like today's labor unions. With that purpose in mind, two Baltimore Lithuanian American veteran fraternal societies were formed, the Knights of St. Casimir in 1887 and the Knights of St. George in 1903. Both organizations proudly wore their organization's uniforms during community, religious and patriotic events. Both organizations supported America's Great War effort and many of their members quickly volunteered for military service when WW I was declared. Sizable Lithuanian American Communities in other U.S. cities also formed veteran mutual aid societies, volunteered for military service and supported the war effort in similar fashion.

Most Lithuanians were Catholic and immediately after they arrived sought to establish a place to pray and a place to meet. In Baltimore, Lithuanians established St. Alphonsus Catholic Church Lithuanian parish with an elementary school for their children and the Lithuanian Hall for a place to socialize. Virtually every Lithuanian American in Baltimore during World War I and World War II supported the American war efforts. They and their families proudly served their new country in the military and in civilian war efforts with distinction. For example, St. Alphonsus Parish School Hall and the Baltimore Lithuanian Hall often held War Victim Fund raising activities and War Bond drives.

Lithuanian American World War I veterans, upon returning home from Europe, found their ancestral homeland, Lithuania, trying to gain its independence and in a continuing three-way war with Czarist Russian White forces, Communist Russian forces and the Poles. They knew and had seen first-hand the hardship of life under Russian occupation that their countrymen were living under. After experiencing freedom and democracy in America, these veterans felt duty bound to help their families and friends in Lithuania fight to achieve the same freedoms. Small groups of local Lithuanian American veterans, such as the Freedom Guards, the American Lithuanian Legion, the Alliance of American Lithuanian Soldiers, etc., began to unite with the goal of returning to Lithuania to fight for its independence.

By early 1919 a Lithuanian American Brigade had been formed with an estimated 10,000 volunteers across the United States. They were already American military trained and eager to go to Lithuania to fight for its independence. Although these veterans anticipated full support from the American government, the administration hesitated in favor of establishing a joint allied military policy for Eastern Europe. The veterans were not deterred and ignored the American government's restrictions. A Lithuanian American Brigade contingent and headquarters staff of over five hundred Lithuanian American Volunteers clandestinely traveled via Canada to Lithuania and took part in Lithuania's 1918-1920 War of Independence.

After WW I ended, most of the returning Lithuanian American veterans joined the Lithuanian military fraternal organizations that their fathers had founded. It was also common for many Great War veterans to join both The American Legion and their own ethnic organizations. In most cases, these locally formed veteran organizations had the same goals as The American Legion and only varied on the priorities. The only major difference of such Lithuanian American veteran organizations was their desire for the liberation of their ancestral homeland from Russian and Germany occupation. The most frequent comment from such Lithuanian veteran members was "If we fought and many of us died for France, we can do the same for our families suffering even more terrible Russian oppression than the French experienced from the Germans."

Lithuanian Legion of America:

After Lithuania achieved its independence, many members of the Lithuanian American Brigade upon returning home and other Lithuanian World War I veterans, continued to favor membership in their own local Lithuanian veteran organizations rather than The American Legion. On February 16, 1930, under the leadership of Peter Jurgela, nine Lithuanian American veteran groups from New York, Boston, Chicago, New Britain, Bridgeport, Waterbury, Hartford, New Haven, and Baltimore met in New York to form the national Lithuanian Legion of America organization. Other than having an emphasis on Lithuanian history and culture, the organization was modeled after The American Legion and subscribed to all of its Preamble principles.

The Lithuanian Legion of America was officially incorporated on December 19, 1934, with its headquarters being in Brooklyn, New York. The Lithuanian Legion of America's first Commander was Dr. John A Buchness (Bucnis), a Baltimorean, who had served as a Captain in the American Army during the World War I. Buchness subsequently served as the Lithuanian Legion's National Surgeon and was one of Lithuanian Post 154's charter members. The Baltimore Post members were also members of Baltimore's Lithuania American Athletic Club (LAAC) that had been established in 1915. It was easily for them to establish their Lithuanian Legion of America post home in the club's building. Following the example of The American Legion, they organized and sponsored a Lithuanian Scout Troop and many Baltimore Lithuanian youth sport teams.

Lithuanian Post 154 Established:

The Japanese December 7, 1941 attack on Pearl Harbor quickly changed the independent thinking of Lithuanian Legion of America members. Although they continued to be very proud of their ancestral heritage, they were Americans first and foremost. As a result, these proud Lithuanian Legion of America members pledged their support to the American war effort and sought membership in The American Legion. Fifteen Lithuanian Legion of America members from Baltimore applied to The American Legion for permission to form a post in Baltimore.

On March 19, 1943, the fifteen Lithuanian Legion of America Baltimore Post veterans were delighted to learn that their request for the formation of an American Legion Post in Baltimore had been approved and they had been issued a Temporary American Legion Charter. To add to their joy, these old veterans also learn that their Post was authorized to use "*Lithuanian*" in its post name in honor of their nationality and former Lithuanian Legion of America association. In addition, they were also authorized to carry the Lithuanian National Flag, side by side with the Stars and Stripes, during official functions. Upon receipt of this Temporary Charter, post members worked diligently in recruiting other Lithuanian American veterans. By June 19, 1944, when they received their Permanent American Legion Charter, the Post had grown to fifty-two members.

Our founding Post members quickly realizing, that to be successful, they needed help to fully participate in all of the various American Legion programs. They encouraged their wives, daughters and sisters to form an Auxiliary Unit. The women enthusiastically responded to the call in the same way they had supported the war effort. As a result, Lithuanian Auxiliary Unit 154 was formed and chartered in 1946. The auxiliary unit was of invaluable assistance to Lithuanian Post 154 for several decades. Unfortunately, many of its members moved away or transferred to Post Everlasting and the unit had to cease its activities.

Although Lithuanian Post 154 membership has never been large, the Post has and continues to actively participate in American Legion National, Department, and District Programs. Its achievements and work have not been in vain. Many trophies, plaques and citations were awarded to the Post for a job well done by Baltimore District,

Department of Maryland and National Headquarters. Among the Post's especially treasured awards are Americanism Citations and a Special Service Certificate awarded by the Federal Bureau of Investigation (FBI) for service it rendered during World War II.

Deeply concerned about the future of their country and knowing that the leaders of tomorrow are the youth of today, the Post has sponsored young men to Boys State. Boys State is a one-week program where high school boys learn leadership skills and how American local governments function. To encourage pursuit of higher education, the Post, at its annual formal Installation of Officers Ceremony, awards two freshmen college scholarships. Also at this ceremony, the Post encourages community service by recognizing a police officer, a firefighter, and a teacher of the year for their service to the community.

In all their activities, the members of Lithuanian Post 154 have never forgotten God. After the splendid "Back to God" movement was formally endorsed by The American Legion at its 1951 convention, the Post embraced the movement by praying as a group in church. The Post has continued to annually participate as a group in the Holy Sacrifice of the Mass at St. Alphonsus Church on the first Sunday of November.

During his radio broadcast on February 7, 1954, President Eisenhower made the nation aware and strongly endorsed the American Legion "Back to God" program. He said "As a former soldier, I am delighted that our veterans are sponsoring a movement to increase our awareness of God in our daily lives. In battle, they learned a great truth - that there are no atheists in the foxholes. They knew that in time of test and trial, we instinctively turn to God for new courage and peace of mind. All the history of America bears witness to this truth."

**Lithuanian Post 154 Participating in the
Back To God Service at Saint Alphonsus Church.**

One of the Post's former Commanders and Chaplain was the Reverend Anthony Dranginis. Father Tony served as a combat marine during World War II and participated in the Battle of Saipan, Iwo Jima, and Okinawa. He became a priest after surviving these conflicts and returning home. Beside Father Dranginis' service to Lithuanian Post 154 and the Baltimore Lithuanian Community, he also served as The American Legion Department of Maryland Chaplain. In his honor, the Department of Maryland has established *The Reverend Anthony Dranginis Memorial Trophy*, which is awarded annually at the Department Convention to a Post Chaplain.

Nor did the Post forget those brave men and women who gave their lives in battle. While the war was still raging in Europe and the Pacific, on May 30, 1943, the newly established Post 154 participated in its first Baltimore District Memorial Day Service. The Post continues to annually take part in the Baltimore District Memorial Day Service or, on occasion, has conducted its own Service at Most Holy Redeemer Cemetery.

To keep alive the memory of Post and Unit members who had reported to the Supreme Commander, Lithuanian Post 154 Adjutant John Stefura introduced the Post Everlasting Service at the Post's Installation of Officers Ceremony in September of 1950. This impressive and solemn ceremony has become part of our Post's officer installation program ever since. Following Post 154's example, The American Legion Baltimore District introduced the Post Everlasting Service at The American Legion Department of Maryland Convention held at the Lord Baltimore Hotel in 1951. The Service was incorporated into subsequent conventions and continues to this day to be a highlight of the Department of Maryland Convention.

The Veterans in our Veterans Hospitals, nursing homes, and other hospital facilities, have not been forgotten by the members of Post 154. The Post contributes generously to these institutions and Post members enthusiastically donate blood during Red Cross Blood Drives. Post members have spent many hours visiting veterans and transporting them for treatment and doctor appointments. Legionnaire John Cuculis was cited for having volunteered eight hundred hours at Perry Point Veterans Hospital. Past Post Chaplain Fredrick T. Kaminski volunteered one day a week transporting veterans to and from the Veterans Administration clinic in Glen Burnie for medical treatment. Fred was issued a special citation in 2013 for volunteering over 2,500 hours.

The Post is also extremely proud of its award-winning newsletter the *Legionnaire*, which began being published in May 1948. The *Legionnaire* has only become better and better over the passing years through the services rendered by Lee Eddy Budelis, John Mazz, Gintaras Buivys, John Maskavich, Alexander Radzius and by Joseph Jankevicius, its present editor. The Post's *Legionnaire* newsletter has often won The American Legion Department of Maryland *John Sloan Newsletter Trophy*

The *Legionnaire* is the primary method of communication with Post members. Unlike most American Legion Posts that are neighborhood social gather centers, most Lithuanian Post 154 members belong to the Post because of their Lithuanian heritage and not the neighborhood. Most have moved away but still have interest in Baltimore's Lithuanian Community and have a desire to be associated with Lithuanian Post 154. None of the Post members live in the same postal code as Lithuanian Post 154's "Home." Only eight percent of Lithuanian Post 154 members live in Baltimore, and one third live outside of Maryland. For this reason, besides items about The American Legion and Post activities, the *Legionnaire* often contain interesting news about the Lithuanian Community.

In keeping with our founding fathers desire to promote pride in the Post's Lithuanian heritage, the Post continues to maintain a relationship with the Republic of Lithuania Embassy. The Ambassador and military attachés have often attended the Post's Installation of Officers Ceremony.

Three Lithuanian Post 154 members have been decorated by the Republic of Lithuania for service to that nation. Joseph Gaila was awarded the Order of Grand Duke Gediminas by Lithuanian President Valdas Adamkus for his service to the Restored Lithuanian Republic after the 1991 fall of the Soviet Union. Henry Gaidis was awarded the Lithuanian NATO Commemorative Badge in 2002, for his assistance to Lithuania in obtaining admittance to NATO. Vytautas Eringis was awarded the Order for Merits to Lithuania (Lithuanian: *Ordinas Už nuopelnus Lietuvai*) in 2006 by Prime Minister Arturas Paulauskas for decades of distinguished services in promoting name of Lithuania, expanding and developing international relationships related to social, culture, and in other areas. Gaidis was also awarded the Lithuanian Military Meritorious Civilian Service Medal in 2015 for his continuing contribution to cooperative activities between American and Lithuanian Armed Forces and in 2018 by President Dalia Grybauskaitė for his distinguished services in promoting the name of Lithuania, expanding international relationships, distinguished merits in social, culture, military and in other areas.

As our old veterans fade away, new veterans have come forward to continue the Post's service to the nation. Today the Post includes Lithuanian Americans veterans who have served in U.S. wars and conflicts since WW II. Like their fore fathers, the current generation of Lithuanian American veterans are proud to have served in the U.S. military and are proud to wear the American Legion cap. Today's Lithuanian Post 154 members are proud of their past and continue to stand alongside fellow legionnaires across the nation in keeping the American Legion tradition of God and Country foremost. Each and every member is a worthy successor to their Lithuanian Legion of America founding fathers.

Lithuanians Participate in the American Revolution

History documents that Lithuanians were among the early immigrants who came to America during the colonial era settling in New Amsterdam and Pennsylvania. Most of these immigrants were single males seeking fame and fortunes in the new world with the intent of returning to Lithuania rich to live happily ever after. Some returned, others assimilated through marriage into German and English families without establishing any lasting Lithuanian ethnic communities. Although small in numbers, these early arriving Lithuanian immigrants and their American born children took an active part in fighting for the liberty and freedom of their newly adopted homeland. Lithuanian Americans served honorably in the nation's armed forces during the American Revolution, the War of 1812, the Civil War, the Spanish-American War and the Philippine Insurrection.

The most famous of these early Lithuanian American immigrants were Generals Thaddeus Kosciuszko and Casimir Pulaski. They came to America with small cadres of ethnic staff officers to fight for American Independence. Pulaski gave his life in a cavalry charge during the Battle of Savannah. He is considered to be the Father of the American Cavalry.

Among those who accompanied Kosciuszko was his personal friend and secretary, Julian Ursyn Niemcewicz, who later served as a liaison between friend Thomas Jefferson and Revolutionary leaders in France. France was an American ally that helping fight the British. Other Lithuanian officers and enlisted men arrived and served in the French L'Armée des États-Unis Legion. Lithuanian Captains Joseph Baldesque-Baldique, Count Katskotski, Matthias Rogouski and John de Zielinski served in the Pulaski Legion.

Lithuanian Captain John Quitrin Meszkowski (Meskauskas) and Lieutenant Michael Grabowski (Grabauskas) saw action with Armand Louis de Gontaut Biron, Duke de Lauzun's French Foreign Marine Legion, which fought alongside American units in Connecticut, New York, and the Siege at Yorktown.

Andrew Thaddeus Bonaventure Kosciuszko was the most famous Lithuanian to join the American Revolution. He was born on February 12, 1746, in the Grand Duchy of Lithuania, part of the Lithuanian Polish Commonwealth. Thaddeus studied at the Polish-Lithuanian Military Academy in Warsaw from 1765-1769. He subsequently spent several years studying engineering, painting, military and political science in France, Germany and Italy.

Kosciuszko became enthusiastic about the cause of American freedom and offered his services in America's struggle for independence. In 1776, Kosciuszko sailed for America. On October 30, 1776, the Continental Congress granted Kosciuszko a brevet commission as Colonel of Engineers. Kosciuszko's engineering skills proved invaluable to the American war effort. The fortifications he built at Bemis Heights proved crucial in winning the Battle of Saratoga. This battle is considered to have been the turning point in the War of Independence and directly led to France joining the conflict.

General Washington considered West Point, the plateau overlooking the Hudson River, an important strategic position. In 1778, Washington sent Kosciuszko to that location to design defense fortifications. On this plateau Kosciuszko built a series of forts that prevented the British from taking control of the river and dividing New York from New England. Had the British been able to seize control of the river, they would have been able to freely obtain reinforcements and supplies from Canada. It was on this same plateau at West Point that the United States established its military academy in 1802 which today is the oldest continuously garrisoned military post in the country. For his service, Kosciuszko was belatedly promoted to the rank of Brigadier General.

The initial Lithuanian colonial immigrants were followed by additional waves of single male Lithuanian immigrants. Many found it prudent to flee Lithuania after their failed attempts in 1812, 1821, 1831 and 1863-1864 to liberate their homeland from Czarist Russian occupation. It was only during the late 1860s and 1870-1880s that Lithuanian male and female immigrants began arriving in the United States in sufficient numbers to establish lasting ethnic communities. These Lithuanian immigrants and their offspring served honorably in U.S. military services. They fought, and many were killed, during WW I and subsequent conflicts.

Lithuanian born Private John C. Kaminskie, 27th Maryland Militia Regiment, took part in the land engagement with the British Army at North Point during the historical 1814 Battle of Fort McHenry that gave birth to our National Anthem. Captain Alexander Bielski, a Lithuanian officer who fought with great distinction in the Lithuanian 1831 Insurrection, became a personal friend of Abraham Lincoln. He was killed in action in 1861 during the Battle of Belmont while carrying the American flag in a charge onto a position held by Confederate artillery. Lithuanian American born, Confederate Colonel

Julius Christian Sosnowski served as a Surgeon with the Confederate Medical Corps. He is credited with saving countless Confederate and Union lives on the battle fields of the Civil War.

By the time of World War One, there were sufficient Lithuanian Americans in the country to show their political strength and loyalty to both the United States and Lithuania. On October 1, 1914, a Lithuanian American National Convention was convened in Brooklyn, New York to coordinate the various war relief programs for Lithuania. The goal of the convention was war relief for Lithuanians suffering as a result of the fighting between Germany and Russia on the Eastern front. The convention also established a Lithuanian Information Bureau in Washington, D.C. to coordinate Lithuanian American support to the U.S. during the war in Europe.

With the United States entry into World War I, over 30,000 Lithuanian Americans answered the call to duty. These newly arrived immigrants and their children served valiantly in the armed forces of their new country, and many died proving they had truly become Americans.

Since all fifteen of American Legion, Lithuanian Post 154 Temporary Charter members were World War I Veterans, the Post in commemoration of the 100 Year Anniversary of the Great War, initiated a project to identify every Maryland Lithuanian American veteran who served in that conflict. This proved to be a daunting task. The official records, compiled by the State of Maryland after the war, made no effort to identify veterans by ethnic origin. This identification problem was further complicated by the fact that Lithuania had been an equal partner in the Polish Lithuanian Commonwealth. In 1795, the commonwealth was wiped off the face of world maps and divided between Russia and Prussia. Since the U.S. government did not recognize Lithuania as a separate nation, these early arriving Lithuanian immigrants were seldom identified, even in census records, as being Lithuanian. Most were identified as being Polish, Russian, or German. It should also be noted that many traditional Lithuanian names were changed by families (usually shortened Americanized) or their names misspelled by ship captains, custom officials and census takers. Still the U.S. Census records for 1910 and 1920 asked the question "what language was spoken in the home." As a result, many veterans not having Lithuanian ethnic last names could only be identified through a review of census records which listed Lithuanian as the language spoken at home. There is no question that the language spoken in the home is a much better indication of nationality than some arbitrary geographic place of birth. The finding of this information through a multiple step process added to the difficulty and consumption of time.

After many months of research, the Post has identified one hundred and forty-four (144) Maryland Lithuanian American men and one (1) woman in U.S. and Maryland Military Archives, U.S. Census Records, and in some cases the Post's own membership rolls as serving during WWI. Although great care has been taken in preparing this list, regrettably there have been heroes that were surely overlooked due to a lack of information.

Of these veterans, seventy-three (73) were American born to Lithuanian immigrants and seventy-two (72) are listed as having been born in Lithuania, Russia, or Poland. Fifty-five (55) served overseas, four (4) were killed-in action, five (5) were wounded and two died of illnesses or other causes. Those Killed-in-Action are indicated on the subsequent list by an (*) designation before their names.

As in the case in most wars, two thirds of the identified Lithuanian Americans never went overseas but remained in the United States where they served in vital support activities or were still in training. The third that went overseas served in all types of support and combat missions. They fought in the trenches and the air above battlefields in France, Italy, Russia, and elsewhere. Regardless, where they served each and every one gave something to the struggle, and some gave all.

Lithuanian American Marylanders in First World War

The below listed one hundred and forty-five (145) Maryland Lithuanian American veterans, including one woman, Navy Yeoman Lillian Hildegard Akelitys, have been identified in official records as having participated in the War to End all Wars.

*** Designates Killed-in-Action**

Although the State of Maryland took great effort to identify its veterans, many were overlooked. Those already serving in the armed forces, enlisted in other states, or settled in Maryland after the conflict were not included in Maryland records. Post research has identified seven such veterans who lived in Maryland and considered themselves as Marylanders. For this reason, these seven Marylanders have been added to the Post's Lithuanian American WW I Honor Roll. Three of them saw service overseas. One of them was born in Baltimore and six were born in Lithuania. Among the seven was Louis J. Mendelis, who during basic training, was determined not to be physically fit for service due to coal mine injuries and was given an honorable discharge. Mendelis later become a Catholic Priest and the noted Monsignor at St. Alphonsus Church, Baltimore, Maryland. Another one of them, Nadas Rastenis, sustained heavy injuries during a German poison gas attack causing him to be hospitalized for over a year upon his return to the United States. Rastenis subsequently became a lawyer, served as a member of the Maryland House of Delegates and became a well-known poet.

It is estimated that 4.7 million Americans served in the Great War, 116,516 died while in the service and approximately 420,000 were wounded or became ill from diseases contracted in the line of duty. Of the recorded deaths, 53,402 died in combat and 63,114 from diseases largely due to the Spanish influenza epidemic in 1918. Maryland furnished 62,424 soldiers, sailors, and marines, of which 645 were killed in action and 884 died for other causes. Among these casualties were four Lithuanian American Marylanders killed in action, one died from disease and one for other reasons. Though time precluded exhaustive research of their biographies, the information that the Post found is a reasonable summary of their lives and the sacrifices they made for our nation.

Mindow Leonard Zemaitis was born on September 8, 1901, in Pandela, Lithuania. After arriving in the USA, the family settled at 714 W. Redwood Street, Baltimore, Maryland. Young Mindow apparently developed “patriotic fever” when war was declared, and he attempted to join the U.S. Army in Baltimore. His attempt at joining the Army failed because he was under age. Still, the fifteen-year-old would not be deterred and went to Philadelphia, Pennsylvania, where he lied about his age to recruiters. On May 2, 1917, when he was only fifteen years old. Mindow was accepted in to U.S. Marine Corps. Following his successfully completion of basic training, Mindow was assigned to the 43d Company, 5th U.S. Marine Regiment. His regiment was shipped overseas, on July 3, 1917, where he took part in some of the heaviest fighting in France during the war. The regiment’s battle honors include the Toulon-Troyon Sector, Aisne, and Chateau-Thierry. Private Mindow Zemaitis, when only sixteen years old was Killed-In-Action, on June 13, 1918, while fighting the Germans in the Chateau-Thierry Sector. Zemaitis lies buried in the Aisne-Marne American Cemetery, Belleau, France. Surely, he is the youngest of all Maryland Lithuanian Americans who gave his life for his adopted country during the Great War.

Witold M. Sokolowsky was born in Wilna, Lithuania, and immigrated to the United States in the hopes of finding a better way of live. He settled in Baltimore, Maryland, residing at 842½ West Lombard Street and worked in various garment shops. Witold was 27 years and 10 months old when he was inducted into military service on September 24, 1917. After basic training, he became a Private in Company C, 313th U.S. Infantry Regiment, 79th Division. On July 8, 1918, Witold and his unit were sent to France. He fought gallantly in the Avon Court Sector, Meuse-Argonne and the Troyon Sector until he was wounded on October 12, 1918, and died on the battlefield for his adopted country. He never married. We were unable to find any information about the family he left in Lithuania. Private Witold Sokolowsky gave all of his tomorrows so we could enjoy our todays. He lies buried in the St. Mihiel American Cemetery, Thiaucourt, France among his fallen comrades.

Frank Zitaitis was born in Kovno, Lithuania. Like many of his fellow countrymen, he fled his Russian occupied homeland in the hope of finding a better life in America. Very little is known about Frank’s life. He appears to have immigrated to America with, or seeking to join, his sister Barbara Narbutus and her husband. Frank was residing at 819 Holland St., Baltimore, Maryland on September 8, 1917, when he joined the U.S.

Army. After completing his basic training, he was assigned to Company I, 38th U.S. Infantry Regiment, 3rd Division. His unit was sent overseas to France on March 30, 1918, and took part in heavy fighting in Aisne, Chateau-Thierry Sector, Champagne-Marne, and Aisne-Marne. During heavy fighting in Aisne-Marne, Private Frank Zitaitis was Killed-in-Action, on July 22, 1918. Frank lies buried among his fallen comrades in the Oise-Aisne American Cemetery, Fere-en-Tardenois, France.

Although not combat related deaths, two Baltimore Lithuanian Americans lost their lives during WWI while on active duty. Their loss was surely as traumatic to their loved ones as those who died fighting on a battlefield. For this reason, the Post lists their names among our fallen.

Anton Stanulis's life, like many Lithuanians who came to America before the First World War, is clouded in mystery. The primary reason for this mystery is the poor spelling and handwriting of ship crews, custom and census information gatherers. Attempts to find more detailed information about Stanulis were unsuccessful. We know from the records we found that Anton Stanulis was born about 1896 in Russia and arrived in Baltimore, Maryland aboard the SS Weimar from Bremen, Germany on May 1907. He had listed his intended destination as Aurora, Illinois. He was either traveling with or became friends with fellow passenger Jonas Mickus. Attempts to find information about Jonas were equally unsuccessful. Still, we know from the ship's log that Lithuanian was the native language of both Anton and Jonas.

For reasons unknown, Anton Stanulis chose to stay in Baltimore rather than continuing his travel to Aurora, Illinois. He listed his residence as 658 W. German St., Baltimore, Maryland, when he enlisted in the U.S. Army. Upon completion of basic training, on September 22, 1917, Anton was awarded the rank of Private and assigned to Company A, 60th U.S. Infantry. 5th Division. On April 1, 1918, he was promoted to Corporal and on April 16, 1918, he and his regiment were sent overseas. While serving in France, Anton, for unknown reasons, was reduced in rank to Private on September 4, 1918. Private Anton Stanulis took part in heavy fighting in the Anould Sector; St Die Sector; Villers-en-Haye Sector; St Mihiel; and Meuse-Argonne.

On the morning of November 11, 1918, Armistice Day, Private Anton Stanulis was Killed-in-Action fighting at Meuse-Argonne. His remains were never identified. He lies among his fallen comrades in the U.S. Military Cemetery erected on the Meuse-Argonne Battle Field. Above his interned body was placed America's traditional stone cross bearing the inscription "Here rests in Honored Glory an American soldier known but to God." Even in death, Private Anton Stanulis's story is clouded in mystery. To further complicate, his tale, his burial records indicate that he had enlisted under the name Anton Stein. No further information was recorded, and one can only surmise what this indicates. Was the information listed as a result of some type of administrative error, was he Jewish by religion, listed under the name of a landlord, or trying to provide some type of financial security for a loved one if he fell. This fallen American hero's story will remain only known to God

John L. Zuckas was another Lithuanian immigrant who came to American dreaming of establishing a better life. While residing at 1101 Curtis Avenue, Curtis Bay, Anne Arundel, Maryland, John answered his nation's call to duty. On April 30, 1918, when he was twenty-five years old, he was inducted into the U.S. Army. After completing basic training, Private John Zuckas was assigned on August 2, 1918, to Casual Company, 154th U.S. Army Depot Brigade, 2nd Battalion, Edgewood Arsenal, Maryland. While serving on active duty at the Edgewood Arsenal, John contracted pneumonia and died on October 1, 1918. Still just as his brothers in arms who died fighting in the face of the enemy, John also gave his life for his country. His military records list his cause of his death as pneumonia. Many historians would say he surely succumbed to the Spanish Flu epidemic that passed through Maryland.

John Rosimas another single male Lithuanian immigrant was born on April 25, 1882, in Alwitas, Russia. He, like all of the earlier cited Lithuanian immigrants, made the perilous voyage across the Atlantic in search of a better way of life. On July 24, 1917, John, while living at 730 W. Lexington Street, Baltimore, MD, voluntarily joined the Maryland National Guard and soon was serving as a Private in Company I, Maryland Infantry. John's demise in many ways is even more tragic than those who died on the battlefield. Available documents do not say what devils he fought before his death or what drove him to end his own life. All we know is John died alone in Baltimore, Maryland, without any friends, relatives, or fellow soldiers to comfort him on August 6, 1917, by a self-inflicted bullet wound. May God have mercy on his soul.

We have no idea of what hopes and dreams these heroes had for the future. Surely before their deaths, each thought about going home, marrying and raising a family in the land of the free. They shared such dreams with every other soldier, sailor, and marine who served in the war to end all wars. In their case such dreams never came to pass.

WW II Heroes Listed on St. Alphonsus Church Plaque

After Lithuanian Post 154 obtained its permanent American Legion Charter, the Post's first major undertaking was the erection of a commemorative monument dedicated to Maryland Lithuanian Americans who served in World War II. This project was the idea of the Post's first commander, Dr. Albertas Zelwis, a WWI veteran. He worked closely on the project with Reverend Louis J. Mendelis, pastor of Saint Alphonsus Church and other Post members. This project was enthusiastically supported and generously funded by Baltimore's Lithuanian American Community. Post members quickly began the exhaustive effort to identify their fellow WWII Lithuanian American veterans. This task required many days of military record review, followed by sending letters to each of veterans or their families to obtain permission to place the veteran's names on the plaque.

After much work, the Post was able to identify and obtain permission to have the names of 581 Maryland Lithuanian American men and women, who served in World War II, placed on the commemorative plaque. The plaque was prominently erected on the exterior front wall of St. Alphonsus Church, in Baltimore where many of the veterans were parishioners. The plaque was officially unveiled, blessed, and dedicated on September 28, 1947, following a tumultuous parade and speaking program that featured the Mayor of Baltimore and the Governor of Maryland.

WW II Heroes Identified after St. Alphonsus Lithuanian Church Plaque Erected

After the St. Alphonsus Plaque was made and attached to the wall next to the entrance of St. Alphonsus Church, additional Baltimore Lithuanian Community World War II veterans were identified. It was impractical to remake the plaque as additional WW II veterans were found. Their names were recorded and are listed below. They deserve America's gratitude and honor just like those on the plaque.

Lithuanian Post 154 Home:

Lithuanian Hall Association Building Home of The American Legion, Lithuanian Post 154, 851 Hollins Street, Baltimore, Maryland 21201

The Lithuanian Post 154 home was initially in the Lithuanian American Athletic Club (LAAC), 539 Washington Boulevard in Baltimore, a converted neighborhood row house. This building was subsequently demolished during the construction of Oriole Park baseball stadium at Camden Yards. The original post home was adequate for meetings but frequently too small for formal events. As a result, the post became one of the Baltimore Lithuanian Hall Association member organizations and used Lithuanian Hall as an extension of the post for larger functions. With the closing of the LAAC, Lithuanian Post 154 in January 1972, officially relocated its home to the Lithuanian Hall.

Typical American Legion Posts are neighborhood organizations with post members living within a few miles of their post. This was true for Lithuanian Post 154 in 1943 when it received its charter, but not true anymore. Though most members have moved out of Baltimore city, Lithuanian Post 154 Legionnaires still meet at Lithuanian Hall in the old neighborhood and use it as its official Post home. Now, less than 8% of Lithuanian Post 154 members live in Baltimore City, 33% live outside Maryland and the remainder are scattered throughout Maryland from Westminster to the Eastern Shore, some driving an hour to attend a Post meeting. Lithuanian Post 154 is unique in the love its Legionnaires have for their ethnic heritage. Many of the out of state members have

never been to the Post Home in Baltimore. They joined the post to establish a relationship with other US veterans of Lithuanian heritage after seeing Lithuanian Post 154 mentioned in a Lithuanian newspaper or after an internet search. Also, most Lithuanian Post 154 members continue their membership if they move away from the Baltimore area. One can say that today Lithuanian Post 154's "neighborhood" spans from Maryland to Florida to Texas to Ohio to Massachusetts.

The Baltimore Lithuanian Hall Association is a 501c3 nonprofit formed for the preservation of Lithuanian culture, language and traditions. It owns the 100-year-old Lithuanian Hall building in Baltimore which serves as the home for about a dozen Lithuanian independent fraternal organizations including Lithuanian Post 154. The building is operated on a volunteer basis. The association is managed by a board of directors, most of whom are elected for alternating two-year terms. The Hall's highest award for service to the community is the granting of a Lithuanian Hall "Life" Board of Director Membership. Currently, five of six of these coveted "Life" Board of Director Memberships are held by Post 154 Members. Also, five of the Lithuanian Hall fraternal organization leaders are post members making Lithuanian Post 154 deeply intertwined in Baltimore's Lithuanian community. Without doubt the two most prestigious Lithuanian American National organizations, the Lithuanian American Committee – Baltimore Chapter and Lithuanian American Council – Joint Baltic American National Committee are led by post members. The Baltimore Lithuanian Community seat of history is the Baltimore Lithuanian Museum, and its curator is a post member. The museum is the show case of the community. It is visited regularly by U.S. State Department officers as part of their training program before being assigned to Lithuania and by staff from the Lithuanian Embassy in Washington, D.C., as part of a sight-seeing tour for visiting notables. It would be hard to find a Lithuanian American Organization in Maryland without some Lithuanian Post 154 Legionnaire as a member.

Section 8. Notwithstanding the Non-Budgeted items provision in Section 7 above, the Post Membership may establish in the Post Special Rules of Order, or Standing Rules, the maximum amount that the Executive Committee shall be authorized to spend for emergency situations, where entering into contract or where payment is due prior to the next Post meeting. The Executive Committee shall then report the expenditure to the Post Membership at the next regular Post Membership Meeting.

If an internal audit is to be conducted, the Post Executive Committee shall appoint an Audit Committee charged with the duty of auditing Post financial accounts. No Officer having the duties of authorizing disbursements, or signing checks may serve on the Audit Committee. The audit shall be done at least annually, or more frequently at their discretion.

Section 12. Financial reports shall be made at all regular Post membership meetings and the reports should not be accepted or approved, as they are subject to audit before approval by the Post.

Section 13. No real estate or leasehold property belonging to the Post or one of its subordinate organizations shall be sold or disposed of in any way or have its title encumbered in any manner without the Post notifying the County and District Councils in which it is located, and the Department in writing and without thereafter obtaining written approval of the Department Executive Committee.

Section 14. Upon dissolution of the Post, none of its assets shall be distributed to any member, or individual, or organization outside The American Legion, and such assets shall be transferred upon demand to the Department. Ongoing History - Lithuanian Post 154 - 1942 to Present:

As the United States expanded its war effort after the unprovoked December 7, 1941 Japanese attack on Pearl Harbor and declared war against Imperial Japan, Nazi Germany, and Fascist Italy, Baltimore's Lithuanian American Great World veterans began thinking about establishing an American Legion Post to demonstrate their solidarity with the American war effort. Within a very short time, The American Legion, Lithuanian Post 154, Baltimore, Maryland, was created for God and Country. The following is the ongoing story of these veterans and the veterans that have filled their ranks with the passage of time.

1942 Post History Milestone

A self-formed American Legion Temporary Committee, composed of Vincent Ambrose, Paul Gurklis, Vincent F. Niemur, and Dr. Adalbert Zelwis, residing in Baltimore, Maryland, called a meeting of "All Lithuanian American World War I Veterans

in the State of Maryland.” Their First official meeting took place, on November 1, 1942, at the Lithuanian American Athletic Club (LAAC), 539 Washington Boulevard in Baltimore where the aims and objectives of The American Legion were discussed. The American Legion, Department of Maryland Adjutant J. Nelson Tribby and other prominent members of the Department and Baltimore District attended the meeting that began the formal discussions about the formation of an American Legion, Lithuanian American Veterans Post in Baltimore.

A Second meeting was called by the Temporary Committee, now composed of John Allen, Vincent Ambrose, Paul Gurklis, Vincent F. Niemur, and Dr. Adalbert Zelvis, Jr., on Armistice Day. November 11, 1942, to continue the discussion of forming a Lithuanian American Post of The American Legion and other important veteran and war related issues. A Third Special Meeting was called for by the Temporary Committee, on November 24, 1942, to finalize the documents required for application to the American Legion, Lithuanian American Post. All of the attending veterans were requested to bring records of their World War I military service as these records would entitle them to become “Charter Members” in the new post. As a result of this meeting a Fourth Meeting was held on December 9, 1942, that officially elected American Legion, Temporary Committee officers Commander Dr. Adalbert Zelvis, Jr., and Adjutant Anthony Sakievich. At this meeting, John McNulty, The American Legion, Maryland Membership Committee chairman, discussed the procedures and submission requirements needed for the formation of such a post.

On December 24, 1942, the formal application for the formation of a Baltimore Lithuanian Post of The American Legion was prepared and submitted. The “Application for Post of The American Legion” was sent to the Department of Maryland requesting the post to be known as Lithuanian Post 154 of Maryland. Dr. Adalbert Zelwis, D.D.S., certified to The American Legion National Headquarters the accuracy and good faith of the application listing the proposed new post’s officers and members.

Many trophies, plaques, and citations have also been awarded for a job well done to the post. Activities include the post-initiated Department of Maryland "*Post Ever Lasting*" and "*Back to God*" commemorations. 1944 Post History Milestone

On June 19, 1944, The American Legion National Headquarters after a review of the post application, executed and granted the “*Post Application for Permanent Charter*” to the members of Lithuanian Post 154.

Since the post founding member met to establish the Lithuanian Post at the Lithuanian American Athletic Club (LAAC), 539 Washington Boulevard, Baltimore, Maryland, they decided to make it the Headquarters of Lithuanian Post 154. The charter application documented that the post quarters are not owned, but being donated, that all prescribed ceremonies in the Official Manual of Ceremonies were being conducted with exceptions, its custodians were properly bonded, and it was in the process of forming an American Legion Auxiliary.

Since The American Legion National Headquarters granted charter was issued under a “fiscal” year reporting date, Lithuanian Post 154 has since that time been using this same year fiscal year system for reporting purposes.

Because of American World War II gathering restrictions, American Legion Conventions were held in abeyance for the duration of the war. As a result, Lithuanian Post 154 delegates did not attend a convention until 1945.

On November 5, 1944, Lithuanian Post 154 held a Memorial Day Party and Dance at the larger Baltimore Lithuanian Hall facility. The first of many gala celebrations that the post would hold in this Baltimore Lithuanian Community center.

With the end of the war, the State of Maryland was the first in the nation to lift its convention ban restrictions. As a result, the American Legion, Department of Maryland held its first American Legion Convention since the Japanese attack on Pearl Harbor. The 27th Annual Convention of the American Legion, Department of Maryland, took place in the Emerson Hotel, Baltimore, Maryland, on August 23 and took on many aspects of a gala Postwar "*Victory*" Celebration. This convention for the wartime established Lithuanian Post 154 was the first for the post and its members.

In addition to being able for the first time to cast delegate votes at the convention, Lithuanian Post 154 sponsored an American Legion Resolution which was adopted. It was fitting for this post, largely composed of Lithuanian immigrants and the children of Lithuanian immigrants, whose ancestral homeland was under Russian military occupation to propose an American Legion Resolution, using a paraphrase from its Preamble that "It is unjust and inhuman to appease any power, be it even a member of the United Nations, at the expense and sacrifice of smaller inculpable nations." The resolution further stated, "The forceful annexation of smaller countries by larger countries, which small countries were helpful and sympathetic with the United Nations' cause, and which small countries are able and willing to join the United Nations in upholding the principles of freedom, justice and democracy, and to adhere to the cause of lasting peace." Although Russia, then still considered to be an American Ally, was not referenced in this resolution there is no doubt that this resolution specifically pertained to them.

It was a great American Legion Convention, but the weather caused Post 154 from still another milestone. The planned evening gala Convention "*Victory*" Parade was cancelled because of the weather. The cancellation allowed the Legionnaires go to two scheduled dances and campaigning events for those seeking Legion offices.

1946 Post History Milestone

Lithuanian Post 154 Convention Delegates and Alternates attended the 1946 Maryland Department 1946 Convention held from August 14 to August 18, 1946, in Cumberland, Maryland. The convention was held in the Cumberland Maryland State Amory and quickly became plagued by a series of problems related to its location and contested voting issues. The convention was the largest ever held by the Department of Maryland with 1,350 Delegates and 450 Alternates. Cumberland had problems providing sufficient housing and eating places. In addition, this was the first convention where a large number of World War II veterans attended. These recently returning home veterans were all business and took no real interest in pomp and ceremony. No World War II veterans were nominated for the Department Commander position. John F. Boschen was elected Department Commander only by the Convention Parliamentarian allowing him to reach a majority vote by allowing a shift in another candidates pledged votes, which added the World War II veterans' disgruntlement.

The saving event of the convention was the Maryland Division 1946 Convention “*Victory*” Parade, where Lithuanian Post 154 finally took part in its first American Legion parade. Although the start of the parade was delayed for an hour because of rain, it was later proclaimed to have been the largest and most excellent American Legion parade held in Maryland to that time. Governor Herbert R. O’Conor led the parade and then sat in the parade review stand as thousands of uniformed Legionnaires accompanied by Flag Details and marching bands passed in review.

Lithuanian Post 154 Unit Auxiliary Chartered

In 1946, an extremely popular and active Lithuanian Auxiliary Unit 154 was formed and chartered. The Auxiliary first President was Mrs. Mildred Stutt, nee Kicas. Her father, Vincent Kicas, was a World War I Veteran and her brother, Anthony Kicas, a World War II Veteran. Both were members of Lithuanian Post 154. Charter Members of the Lithuanian Post 154 Auxiliary were Mildred (Kicas) Stutt, Margaret Ambrose, Catherine Kwedera, Patricia Sinkus, Madelyn Allen, Petrone Dumsha, Ursula Karper, Eva Masiauskas, Anastasia Boudris, Adele Bush, Anna Kripas, Anna (Meris) Rekus, Anna Ozel, Mildred Bush, and Marie Krenevienas. Included among the Auxiliary members were Gold Star mothers Lilian Baker, Amelia Gray, Bertha Mitchell, Agnes Nasaukaitis, and Julia Rastenis. All of the Unit Charter members were the wives, sisters, or daughters of World War I or II Veterans.

1948 Post History Milestone

On January 11, 1948, Post 154 Legionnaire Albert J. Juskus established the weekly 'Lithuanian Melody Time" Radio Program and continued to serve Director and Announcer until his 1991 retirement. This program was aired on six different stations over the succeeding decades, featured Lithuanian music quickly became the Baltimore Lithuanian Community weekly radio news station. For the next 50 years Albert broadcasted American Legion information including Lithuanian Post 154 meeting, activities, and events. The weekly Lithuanian Melody Time Radio Program continued to be broadcasted by J. Kestutis Laskauskas and later by Legionnaire Gintaras Buivys into the modern 2010 internet era.

In May 1948, Legionnaire Edward M. Budelis established and became the first editor of Lithuanian Post 154's "*Legionnaire*" Bulletin Newsletter publication. The multi-talented Budelis was also instrumental in the formation of the post's own Lithuanian Press facility, Budelis Brothers, 2707 James Street, and later in the Lithuanian American Athletic Club (L.A.A.C.), 539 Washington Boulevard, Baltimore, Maryland, location. The post's Lithuanian Press also provided its services to other Baltimore Lithuanian Community organizations printing advertisement, flyers, tickets, etc., for over two decades.

Although there are no surviving documents, it appears that Edward “Eddie” Budelis not only became the Editor of the post newsletter, but also the Post designated Historian a position that he held from 1948 to 1971. Only 23 years later do post records reflect that Charles Sarpalis was elected as the post historian

1949 Post History Milestone

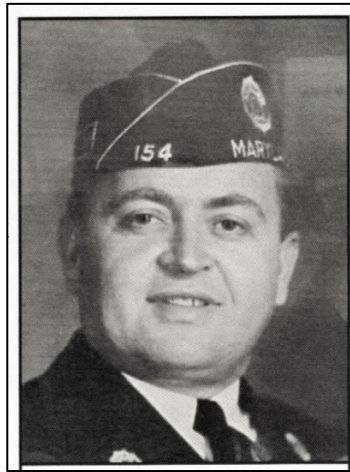

In April 1949, Post 154 took part in the American Legion, 30th Founding Anniversary, Maryland Department Convention events in Baltimore. The Lithuanian American Community took great pride in seeing Post Commander Anthony Dranginis carrying the Stars and Stripes, Legionnaires Edward Budelis the Lithuanian Flag and Felix Rutkus the Post Colors, during the city's gala parade.

On May 30, 1949, American Legion, Baltimore District Council organized with Department of Maryland Vice Commander Kenneth R. Hammer presiding, Baltimore's 81st Memorial Day Commemoration, honoring the Nation's War Dead. The event took place at the National Cemetery, 5500 Frederick Road, Baltimore, Maryland. The service commenced with a procession led by the 2nd US Army Rifle Honor Guard and Coast Guard Flag Detail, followed by over five hundred State of Maryland and Baltimore City attendees, to the cemetery's stone commemoration site. The services started with a benediction by Rev. Louis J. Mendelis, St. Alphonsus Church pastor and Post 154 Chaplain, followed solemn and moving comments made by honored guests. The most impressive and solemn part of the program was a State Poppy Service, where Commander Hammer read out the names of each state and territory while a uniformed veteran placed a memorial Red Poppy Flowers on a green washed replica gravesite.

That same afternoon, Lithuanian Post 154 and Unit 154 Auxiliary members, held another commemorating service, organized by its Chaplain Rev. Louis J. Mendelis. A similar procession led by Post 154 Flag Detail, included Legionnaires Edward Budelis carrying the Stars and Stripes, Paul Gurklis the Lithuanian Flag, and Felix Rutkus the Post Colors. They stood erect through the secular and religious program, which featured a Catholic Military Field Mass said in both English and the Lithuanian language for the largely two hundred ethnic assembled attendees.

In November 1950, two Lithuanian Post 154 members serving in the reserves, learned the Price of Liberty is Eternal Vigilance, when they were call to active duty related to the Korean Conflict. By December 1st Vice Commander Albert C. Dumsha, Sergeant, U.S. Marine Corps Reserves, was on duty at Camp Lejeune, North Carolina, and Legionnaire Ernest W. Beelat was on his was to Japan.

1950 Post History Milestone

In April 1950, the Lithuanian Post 154 inaugurated a major social event, The Semi-Annual Bull Roast. This bull roast became a major source of funding and fun for the post. Post members, unit members and friends gathered to have a good time.

On May 30, 1950, the Lithuanian Post 154 began conducting its own Memorial Day Service, under the Chairmanship of Legionnaire Thomas Marcin. The Service consisted of a "*Military Field Mass*" offered by Legionnaire Rev. Anthony S. Dranginis, followed by a traditional American Legion Veterans Day commemorative program that included Post Legionnaires, members of its Auxiliary Unit, and Flag Detail participating at Holy Redeemer Cemetery. Members of the Baltimore Lithuanian American Community were invited, and the field mass and commemoration became a popular yearly event for many years.

In September 1950, Lithuanian Post 154 at its Installation Ceremony, under the Chairmanship of Legionnaire John Stefura, conducted the first solemn "*Post Everlasting Service*" in Maryland, to keep alive the memory of their Post and Unit members who had passed. Members of the Baltimore District attended the Post's Installation and saw the Post Everlasting Service. The Baltimore District suggested that the Post Everlasting Service become part of the 1951 Department American Legion Convention to be held in the Lord Baltimore Hotel, Baltimore, Maryland. That Service remembering departed comrades has become a high point of the convention ever since.

On November 10, 1950, the post and auxiliary held its annual Armistice Dance and Party, chaired by Legionnaire John Bush. On November 26, 1950, they participated in the annual Military Mass said by Post Chaplain Louis J. Mendelis at St. Alphonsus Church.

The Lithuanian Post Bulletin, the "Legionnaire." continued under the new outstanding editorship of Legionnaire John Mazz.

Post 154 held the Semi-Annual Bull Roast, which continues to be a major fundraising and social event for its members and friends.

The actual service began at 1 PM in the Main Ballroom of the Lord Baltimore Hotel with the entire program being conducted by Lithuanian Post 154 members. The Service paid tribute to the 212 Legionnaires who had been transferred to Post Everlasting the past year. That solemn memorial service honor departed Legionnaires has since be performed at every Maryland District Convention and other post commemorations. Post 154 Members took great pride when they marched in the Legion's gala parade that evening from the 5th Regiment Armory to the Baltimore City Hall Plaza after significantly contributing to the Convention's success.

Post 1954 Milestones

On February 16, 1954, Post Chaplain and pastor of St. Alphonsus Church Louis J. Mendalis was honored by being asked to say the opening prayer at the noon session of the U.S. Senate, Washington, DC. Several post members were among the parish members who accompanied Father Mendalis for this historic prayer service.

Although June 1, 1954, is not remembered by most America Legion posts as one of their milestones, Lithuanian Post 154 which was founded by World War I veterans takes pride in remembering this historical day. Although Americans had been celebrating the 1918 Armistice Day surrender of Germany which ended the Great War for decades, the U.S. Congress did not declare Armistice Day a national holiday until May 13, 1938, and did not have a holiday to honor its World War I veterans. It was not until June 1, 1954, that the U.S. Congress at the behest of The American Legion replaced the word "Armistice" with "Veterans," and thus the Armistice Day holiday officially became known as Veterans Day.

countrymen. St. Alphonsus Church pastor and Post 154 Legionnaire Rev. Louis J. Mendalis gave opening innovation, Unit Historian Julia M. Rastenis led the Pledge to the Flag, and her husband, Judge Advocate Nadas Rastenis, was one of the speakers and honored guest.

On this day, during a bilateral negotiations between the United States and the Soviet Union regarding fishing rights, a Lithuanian sailor, Simas Kurdika, jumped from a Russian fishing trawler, the *Sovetskaya Litva*, onto the American coast guard cutter, the USCGC *Vigilant*, while both were tethered together off Massachusetts Martha's Vineyard island just south of Cape Cod, seeking political asylum. Rather than being greeted as a political refuge fleeing communist occupation, the Coast Guard Commander order him detained and then allowed Russians to board his ship and forcibly return him to the Soviet vessel. The actions of the US Coast Guard officers and Soviet officials were widely condemned by the American news media and the three high officers associated with the incident relieved of their duties. President Richard Nixon was so angered at their actions that he instituted procedures for the future handling of defection to ensure that similar situations would never happen again.

On December 21, 1970, Rev. Anthony Dranginis, the Assistance Pastor of St. Alphonsus Church and Chaplain of Lithuanian Post 154, from the church pulpit during a mass being offered for Lithuanian Seaman Simas Kudirka that was attended by over 400 parishioners decried the "US Failure on this Defector". Among those interviewed by the press after this mass was Lithuanian Post 154 Commander Balys Brasauskas who added our main purpose is to ensure such an incident never happens in the future. Thereafter the Lithuanian American Community started a letter writing campaign to the President and Congress express their feelings about this failure and requesting an investigation related to the failed incident.

In May 1971, Lithuanian Post 154 received the tragic news that the Russians had sentenced Kurdika to ten years in correctional labor camps and he served in such camps in the Pskov Oblast and Mordovia. Due to demonstrations and investigations by the Lithuanian American Community, it was discovered that Kudirka's mother had been born in the United States and a US citizenship which made him a US citizen.

Many members of Lithuanian Post 154 are proud of the leadership and participation by their predecessors in support of the American effort to insure such a travesty would never occur again. These include petitions presented to the US State Department and demonstration at the Russian Embassy in Washington, D.C., during the 1971-1974 period. They only ceased when Kurdika was released from imprisonment and allowed to move with his family to the United States. In 1978, Kurdika wrote a book about his life, *"For Those Still at Sea"* that was made into a well-received TV Movie *"The Defection of Simas Kudirka"* starring Alan Arkin that same year.

While living in the US, Kudirka frequently gave lectures about Russian abuses and the communist regime that ruled in Lithuania. In May 1979, Kurdika visited Baltimore and was the honored guest of the Lithuanian American Community at its annual Lithuanian Festival. During this visit, Kurdika thanked the members of Lithuanian Post 154 for their work in liberating him from Russian captivity. Kudirka returned to live in Lithuania in 2000, after the nation regained its independence. Kurdika died on 11 February 2023, at the age of 92 in Pilviškiai, Lithuania, proud of his dual American and Lithuanian citizenships to his death.

On May 4, 1971, Lithuanian Post 154, Lithuanian Men's Chorus, directed by Mrs. Lillian Gelazala Baker, a post's unit auxiliary member, took part in the American Legion, Department of Maryland, Auxiliary Memorial Day Commemorative Music Festival, held at the Baltimore War Memorial Building, where they sang a Medley of Songs. The Chorus periodically preformed at Baltimore Lithuanian events and received many accolades for their performances.

Lithuanian Post 154 Post Delegates and Alternates attended the Department of Maryland, 1971 Convention and took part in the opening and scheduled activities. The Post Unit similarly attended and took part in their corresponding convention.

Opening of the Program was by Commander Balys Brasauskas and continued by the presentation of Colors by the Post Color Guard, singing of the American Anthem by George Gaikas and Lithuanian Anthem by Clement Andrew, Pledge of Allegiance by President Frances Karpers, audience Preamble, and Invocation by Post Chaplain Rev. Anthony Dranginis.

On January 1, 1972, The American Legion, Lithuanian Post 154, officially moved from its original post home located in the Lithuanian American Athletic Club – LAAC (Baltimore Lietuviu Atletu Klubu) Building, 539 Washington Boulevard, Baltimore, Maryland, to second floor of the Lithuanian Hall Association (Baltimore Lietuviu Namu), 851 Hollins Street, Baltimore, Maryland, where it exists to this day. Regrettably, during the post relocation and subsequent water damage caused by a leaky roof about twenty years later, some of the post archive documents were destroyed.

On March 8, 1972, a new Baltimore Lithuanian Athletic Club (BLAC) was chartered by twenty members, many which were also member of Lithuanian Post 154, after the original Lithuanian American Athletic Club (LAAC) formed in 1915 ceased to exist. Five of these Lithuanian Post 154 Members, Vaclovas Laukaitis, Peter Okas, Vincas Dulys, Algis Veliuona, and Gintaras Buivys became future BLAC presidents. Following the example of Lithuanian Post 154, the BLAC also became one of the Lithuanian fraternal organizations that hold membership in the Baltimore Lithuanian Hall Association. This relocation was necessary after its building, which was the home of the club and Lithuanian Post 154, was purchased by the City of Baltimore and later demolished to make room for the construction of Oriole Park at Camden Yards complex.

On May 2, 1972, Lithuanian Post 154, Lithuanian Men's Chorus under the directorship of Lillian Gelazala Baker, a post's unit auxiliary member, for the third year took part in the American Legion, Department of Maryland, Auxiliary Memorial Day Commemorative Music Festival, held at the Baltimore War Memorial Building, where they sang a Medley of Songs to a very appreciative audience.

Lithuanian Post 154 Post Delegates and Alternates attended the Department of Maryland, 1972 Convention and took part in the opening and all scheduled activities. The Post Unit similarly attended and took part in their corresponding convention.

The first time, two Lithuanian Post 154 members, Legionnaires John Mazz and John Stefura, were elect offices in The American Legion, Department of Maryland.

During August 18-24, 1972, The American Legion, 54th National Convention took place in the Conrad Hilton Hotel in Chicago, Illinois. Six Lithuanian Post 154 members consisting of Adjutant John M. Stefura, V. Siaurusaitis, C. Sadauskas, R. Hicks, V. Laukaitis, and A. Chepaitis and their loved ones took the opportunity to visit Chicago, the largest Lithuanian American community. Period publication noted that many American Legion delegations took the opportunity to visit the Lithuanian Post 154 hospitality suite to enjoy ethnic Lithuanian food and drink.

1973 Post Milestone

During its March 1973, Lithuanian Post 154 Monthly General Meeting the members celebrated their 30th Founding Anniversary with a recollection of its history and past accomplishments followed by a moment of silence for post members no longer with us. May a merciful God keep and hold them.

Legionnaire John Mazz replaced Edward Budelis the originator and over three-decade long Editor of Post 154 Legionnaire Bulletin Newsletter.

On June 26, 1973, Lithuanian Post 154 participated in Baltimore Mayor William Donald Schaefer first "*Showcase of Nations*" Program, designed to celebrate the rich ethnic diversity in the city through presentations of ethnic culture and history. The first of these Baltimore outdoor weekend festivals started with a Lithuanian Festival held in Hopkins Plaza. The opening of the Lithuanian festival was a Mass held at St. Alphonsus Church, followed by Lithuanian Post 154 Flag Detail led parade to Hopkins Plaza. They posted the Colors in front of an erected podium where a formal program starting with the singing of the American and Lithuanian national anthems and a benediction by Post Chaplain Anthony Dranginis followed by opening speeches by Honored guests. Thereafter visitors commenced a gala weekend celebration visiting Lithuanian cultural, history, arts and crafts display booth. They enjoyed ethnic foods, listened to Lithuanian music, and watched traditional Lithuanian folk dancing. One of the most popular visitor stops was at the America Legion, Lithuania Post 154 table decorated in Red, White, and Blue. It featured the American Legion logo and was manned by uniformed post members providing American and Legion historical and recruiting information.

As a result of this positively received opening of the "Showcase of Nation's" program, it was followed by similar ethnic fairs of other nationalities.

Lithuanian Post 154 Post Delegates and Alternates attended the Department of Maryland, 1973 Convention and took part in the opening and all scheduled activities. The Post Unit similarly attended and took part in their corresponding convention.

1974 Post Milestone

On May 25, 1974, Mayor William Donald Schaefer awarded the City of Baltimore "*Ethnic Heritage Award*" to Lithuanian Post 154 in recognition of its generosity of spirit shown in helping others to understand and appreciate the culture of Lithuania with other citizens which strengthens our City of Baltimore.

On June 1, 1975, the Baltimore Lithuanian Festival Committee awarded a Certificate of Appreciation to Lithuanian Post 154 for its generosity of spirit in helping others to understand and appreciate the culture of Lithuania.

Lithuanian Post 154 Post Delegates and Alternates attended the Department of Maryland, 1975 Convention and took part in the opening and all scheduled activities. The Post Unit similarly attended and took part in their corresponding convention.

On September 9, 1974, the Lithuanian National Library, Baltimore, Maryland, requested Lithuanian Post 154 to conduct an American legion Flag Posting Ceremony at their 65th Founding Anniversary celebration. During the celebration, Lithuanian Post 154 was publicly commended for its long and continuing support in the preserving of Lithuanian culture and language.

On December 16, 1974, Russian confined Lithuanian Seaman Simas Kudirka, who Lithuanian Post 154 members had championed since he sought freedom from Russian tyranny in 1970 by jumping off a Soviet Fishing vessel onto a US Coast Guard vessel. Tragically, he was returned to the Russians after being rejected, and was finally released from Russians Labor Camp confinement and arrived in the United States. His release was facilitated by Lithuanian American document discovery that confirmed that his mother had been born in the United States and she regained her US citizenship. Thus, Simas was able to prove he was American citizen and released by the Russians to avoid further negative world press coverage. That was a Milestone proudly claimed by Lithuanian Post Members for their contributions.

On June 5, 1975, Lithuanian Post 154 Flag Detail once again opened the widely touted Baltimore "*Showcase of Nations*" Festival in Hopkins Plaza as the United States began to celebrate its Bicentennial Year. The Lithuanian Community also took the occasion to celebrate its own 100th Birthday of their arrival to the City of Baltimore. The celebration began with a Bicentennial Catholic Mass offered by Rev. Anthony Dranginis and Lithuanian Post 154 Chaplain at St. Alphonsus Church followed by Rev. Dranginis and Post 154 Flag Detail leading a parade from the church to the Baltimore Hopkins Plaza celebration city site. There the post flag detail presented its colors during the opening ceremony and signing of the American and Lithuanian National Anthems. Several post members were among those making opening remarks during the ceremony. In the center of the traditional ethnic display and vendor booths surrounding the reviewing and speaking stand stood the gala Red, White, and Blue colored booth with a large American Legion Logo hosted by Lithuanian Post 154. Post members wearing summer uniforms with Lithuanian Post caps manned the booth throughout the celebration telling the story of Lithuanian Americanism since the founding of the nation and recruiting members. Lithuanian Post 154 Legionnaires and its Unit Members proudly marched behind the Post's Flag Detail in the Sunday, September 3, 1989, kick off Convention parade. Commander Kestutis Galeckas was among those honored by riding in one of the lead VIP parade convertibles. As his vehicle was passing his assembled Post 154 Flag Detail, followed by his fellow Legionnaires and Unit Members, and a contingent of Lithuanian ethnic dressed folk dancers, Commander Galeckas stood up and hand saluted. He held this salute until his vehicle passed by Post 154 members and supporters.

Another significant contribution by the Post to the extremely successful 1989 American Legion Baltimore National Convention was Lithuanian Post 154 hosting the Department of Connecticut Delegation to a hospitality event held at the Baltimore Lithuanian Hall post headquarters. Although a spur of the moment function prompted by the Connecticut delegation's inquiry about the Lithuanian Hall facility, Vice Commander Vincas Dulys quickly arranging an outstanding catered that was appreciated by all who attended the event.

On September 24, 1989, Lithuanian Post 154 and its Unit Auxiliary Members held a gala Joint Installation of Officer ceremony at the Baltimore Lithuanian Hall.

On October 8, 1989, Lithuanian Post 154 Flag Detail and members took an active part in the 100th Anniversary of the founding of St. Alphonsus Church, including its opening Lithuanian Mass Commemoration and School Dinner Celebration. The Mass, and gala festivities were led by St. Alphonsus Church pastor and Lithuanian Post 154 Member Reverence Louis J. Mendalis, a World War I veteran.

During November 4-5, 1989, Lithuanian Post 154 Flag Detail presented the Colors during the Lithuanian World Society for the Liberation of Lithuania convention in Baltimore during the opening mass at St. Alphonsus Church and formal convention ceremony program and closing banquet.

1990 Post History Milestone

On February 15, 1990, Post 154 sponsored Nukund Krisnaswami, Sophomore, Mount St. Joseph High School, won first place in the Baltimore District Oratorical Contest held at Morrell Park Post No. 137. On March 4, 1990, Nukund finished 2nd Place in the Maryland Department competition held in the Maryland Legislative Building in Annapolis, Maryland.

On February 18, 1990, Lithuanian Post 154 Flag Detail and Legionnaires took part in the Lithuanian Independence Day Mass and Celebration Banquet at St. Alphonsus Church. On this occasion, all those in attendance prayed for the liberation of their ancestral homeland from 50 years of Soviet Russian military occupation.

In the March 1990 issue of Lithuanian Post 154 *Legionnaire* Newsletter, Post Chaplain Rev. Anthony S. Dranginis in the opening prayer like section wrote... "We shall continue to raise our voice in strong opposition to any traffic with communism, with its denial of God's existence and its complete disregard for human dignity." "We will always concern, our selves, with the problems of veterans' rehabilitation, feelings that a soldier is a special person, and despite the sporadic attacks and incidents, we shall, as members of the American Legion, strive to keep alive the spirit of patriotism, of love of God and country. This is our purpose. This is our challenge. No one, but no one, shall swerve us from it. For God and Country". Few during those cold winter months of February and March 1990 could anticipate that a Merciful God would soon answer their prayers.

In the late 1980's, Mikhail Gorbachev Russian President of the Presidium of the Supreme Soviet wanting to increase the support for the Russian control over the other nonethnic Russian member states and feeling totally secure than none would challenge Russian control instituted a policy of "*Glasnost*" (Openness) allowing enhancement of freedom of speech, press, and allowing the formation of some minor non-communist political parties that included the Lithuanian "*Sajūdis*" Reform Movement Party. After a landslide victory in elections, the members of *Sajūdis* on March 11, 1990, became the first Soviet Republic to proclaim its independence from the Soviet Union. A day that will long be remembered by every member of Post 154 and the entire Lithuanian World Community as a Major Historical Milestone as God finally answered their prayers. On

this day, the Lithuanian (Seimas) Parliament declared the nation's renewed Independence after more than 50 years of Russian military occupation. Gorbachev quickly realized his error and under pressure from Russian conservative political figures imposed an economic blockade against Lithuania and attempted to cut off Lithuanian contact with the rest of the world. When the blockade faltered, the Russians began moving additional troops into the country to suppress the independence movement. Although the Lithuanian people would have to stand firm against still another wave of Russian military attempts to suppress their independence and some would have to give their lives in the struggle, the nation was eventually successful.

Upon learning of the 1990 Lithuanian Declaration of Independence, the Baltimore Lithuanian Community flocked to the Lithuanian Hall, where a Post 154 social was already in progress that quickly became spontaneously a major community celebration. Thereafter the Baltimore Community, led by a number of Post Members, became actively engaged in gaining support for Lithuania and securing worldwide recognition of its restored independence. In Baltimore, the Lithuanian American Community with Post 154 members established a *Lithuanian Freedom Movement* organization which would last for a couple of years. The organization demonstrated at the Russian Embassy in Washington, D.C. and pressuring the White House, Senators and Congressmen, in a massive rally at the U.S. Capital building.

In June 1990, Lithuanian Post 154 Auxiliary received 47 Americanism Essays from students of St. Alphonsus School. The Unit Winners in Group I - 1st Place – Shane Lonesome, 2nd Place – Sheri Neale, 3rd Place – Ebony Nakia Brown. Group II 1st Place – Anwar Young, 2nd Place Mona James and 3rd Place Karis Wilson. The two First Place Winning essays were forwarded to the Baltimore District to participate in further competition.

During the July 10-13, 1990, American Legion, Department of Maryland Convention in Ocean City, Maryland, Lithuanian Post 154 delegates and alternates participated in virtually every scheduled event. Department and Post 154 Chaplain Rev. Anthony Dranginis presented the following Resolution to the Department Executive Committee related to the ongoing Russian attempt to suppress Lithuanian independence, which they voted on and past. The Resolution which contained the following paragraphs was immediately sent to the President.

“Whereas we firmly believe in the principle of right over might

“Be it Resolved by The American Legion, Department of Maryland that we urge the President to call upon the American people to launch on Thanksgiving Day a continuing appeal to Almighty God to bring about a just and peaceful end to the crisis and

“Be it Further Resolved that in the event there is no peaceful solution forthcoming and military action is forced upon us, the President is asked to call upon the people to pray to God for our quick victory with minimum loss of life on both sides of the conflict.”

At the Department 1990 Convention, Lithuanian Post 154 received its fifth straight 3 Star Membership designation and won five of seven of the Maryland District Convention awards being 1st Place in Veterans Affairs & rehabilitation, Children & Youth Welfare, and All-Round activities, and 3rd Place Chaplain, Community Service, Girl State, Gold Star, and Music in its membership categories.

In the August 1990 meeting of the Department Executive Committee. at Kent Island, Lithuanian Post 154 received a Special Children & Youth Citation from The National Commission for its work and contribution in this area.

The September 1990 issue of Lithuanian Post 154, *Legionnaire* Newsletter, started off in its normal fashion with a Rev. Anthony Dranginis, Chaplain Corner article, with the caption "Captive Nations". While the Lithuanian people were in a desperate struggle with Russian military forces for their freedom, Dranginis reminded the post that "Freedom is a condition so basic and necessary to human beings that any action restricting this God given privilege is a blatant violation of human rights. Our Nation was founded on the belief that all men are created equal, and that freedom is an undeniable right of every individual. It is therefore my belief that we as a nation have an obligation to encourage these ideals both in our own country and others." He ended the article with the sentence "The many captive nations of the world will continue to demonstrate their love for the freedom of which they have been deprived so unjustly. For God and Country."

On September 23, 1990, Lithuanian Post 154 and its Unit auxiliary held a joint installation of officers' ceremony at which the post presented plaques and \$100 Bonds to its Police Office and Fireman of the Year selections.

On October 7, 1990, Lithuanian Post 154 Flag Detail posted the Colors during the opening ceremony of the 75th Diamond Jubilee Celebration Banquet and Dance at Baltimore Lithuanian Hall. Command Galeckas was among the speakers.

Lithuanian Post 154 and its Unit collect clothing, books, writing materials, cosmetics, etc., which are to be donated to various local Veterans Hospitals and Homes. Commander Galeckas and Legionnaire Wesley Smith delivered the most recent donations to Charlotte Hall.

At the November 1990 meeting of the Department Executive Committee, Department and Post 154 Chaplain present the Following Resolution, which was voted an, pasted, and immediately sent to President George Bush. "Whereas We have confidence in President Bush['s handling of the Persian Gulf crisis and Be it resolved by The American Legion, Department of Maryland that we urge the President to call upon the American people to launch on Thanksgiving Day a continuing appeal to Almighty God to bring about a just and peaceful end to the crisis and Be it Further Resolved that in the event there is no peaceful solution forthcoming and military action is forced upon us, the President is asked to call upon the people to pray to God for our quick victory with minimum loss of life on both sides of the conflict."

On November 11, 1990, Lithuanian Post 154 and Unit members took part in the annual “*Back to God*” Mass at St. Alphonsus Church and the Baltimore District Veterans Day Ceremonies at the Baltimore War Memorial Building. For Post Legionnaires both occasions gave them their own personal reminder that continuing service is required to keep America free. Earlier that week, they received and read the November 1990 issue of Lithuanian Post 154 *Legionnaire* Newsletter. In this issue, their newly elected Post Vice Commander Fred Kaminski (1990-1991) announced to the post that he once again be away for the Christmas holiday. Fred, an active member in the US Naval Reserves, just accepted another call to duty that would require him to serve several weeks to several months with the Military Sealift Headquarters in Bayonne, New Jersey.

Fred further advised that he was proud of the fact he was elected and anticipated that he would be able to perform his duties to both the country and post. In his closing, Fred paraphrased British Admiral Horatio Nelson ship signal to the British Navy “England expects every man will do his duty” while dying of his wound aboard his flagship HMS Victory Navy during the 21 October 1805 Battle of Trafalgar. It does not take much to change one word. “America expects every man to do his duty”.

On December 7, 1990, lest we Forget. Post 154 and Unit members took part in the Baltimore District annual Pearl Harbor Day Services held at the Main Entrance to Memorial Stadium. All with flag poles flew their flags at half-mast as a reminder of the “date which will live in infamy.”

On December 9, 1990, Lithuanian Post 154 once again took great pride in its annual festive Christmas Celebration at the Lithuanian Hall, where it donates a Christmas Tree, a member played Santa Claus, and Legionnaires handed out gives to children.

On December 25, 1990, Christ’s coming into our world was quiet and gentle.

There are Milestone Years, but for Lithuanian Post 154 Legionnaires 1990 will be “The Year to be Remembered” throughout our history.

1991 Post History Milestone

On January 13, 1991, Mikhail Gorbachev, the Russian President of the Soviet Union, tired of the Lithuanian Freedom Movement's success in swathing his suppression attempts ordered Soviet troops attack the Vilnius TV Tower to cut off contact with the Western Nations. The Russians began moving a massive Russian military tank column into Vilnius, the capital of Lithuania. During one of the Russian assaults upon the Lithuanian Parliament Building, which was defended by unarmed civilians who refused their orders to disperse, fourteen unarmed civilians were crushed to death when they held firm. Because the Lithuanian people were able to continue sending reports to the west via the internet, Gorbachev withdrew his forces because it was condemned by the world. The Lithuanian freedom movement success soon spread to other Russian World War II occupied nations and the Soviet Union itself would self-destruct within a year. Support for Lithuania Independence continued to grow and within three years the last Russian occupation troops were finally removed from Lithuania. Today, January 13th is known in Lithuania as Defenders of Freedom Day (*Laisvės Gynėjų Diena*) and a national commemorative holiday.

When the Baltimore Lithuanian Community learned of the Russian assaults, they rallied at the Lithuanian Hall and boarded busses to demonstrate at the Russian Embassy in Washington, D.C. in protest of the Russian military massacre of 14 Lithuanian civilian in downtown Vilnius in their attempt to suppress the ongoing Lithuanian Freedom movement. Among the leaders of the protestors was Past Lithuanian Post 154 Commander Balys Brasauskas who was accompanied by a number of his fellow Legionnaires. The peaceful demonstration included a picking line with a funeral coffin carried by pall bearers followed by 14 protestors wearing white sheets.

Staunch Baltimore Lithuanian Freedom Movement support continue until the reestablished Republic of Lithuanian was recognized by the United States. Lithuania became a member of the North Atlantic Treaty Organization (NATO) and the European Union (EU).

In March 1991, Post Vice Commander Fred Kaminski call Adjutant John M. Stefura to report that he was doing well, but in Saudi Arabia related to his ongoing US Naval Reserve, Military Sealift Headquarters, Bayonne, New Jersey. He is expected to be home in the very near future. For God and Country.

In April 1991, Unit Chairman Eugenia (Jessie) Paznekas announced that the Post 154 sponsored Americanism Essay candidate Ryeshia Holley from St. Alphonsus school won 3rd Place in the Baltimore District Contest.

On May 31, 1991, Adjutant John M. Stefura and Unit Chairman Eugenia Paznekas presented to St. Alphonsus School Boys and Girls Medal Awards to Onika McClain and Sylvia Blake for the Highest Scholastic Average in the graduating class

and Vice President Eugenia presented the Unit Americanism Essay 1st Place Award to Ryeshia Holly, 2nd Place to Ebony Brown, and 3rd Place to Sheri Neale.

During the July 9-13, 1991, American Legion, Department of Maryland Convention in Ocean City, Maryland received four recognition plaques. These plaques included its sixth time in a row Three Star Membership status, Americanism, Community Service. Post sponsored Munkund Krisnuswani was the Department Oratorical Content Department competition winner. Munkund went on to win 1st Place in the Regional and Sectional Contests and finished 3rd Place in the American Legion National Contest. Not bad for a small post that routinely competes against larger 500-member post.

In July 1991, six Lithuanian Post 154 and Baltimore Lithuanian Athletic Club (BLAC) members, Balys Brasauskas, Vytautas K. Dulys, Vaclovas Laukaitis, Peter Okas, Augustinas Uleckas, and Algirdas Veluona, traveled to Lithuania and competed in the Republic of Lithuania, Lithuanian World Games competition events held in Kaunas, Klaipeda, and Vilnius. No Post member won medals, but they won a number of honorable mention certificates for their participation. The Post would be remission if it did not mention that Jania Brasauskas, the wife of Former Post Commander Balys Brasauskas won a Bronze Medal in Senior Member Tennis.

Post Legionnaire John Cuculis was honored by Perry Point Veterans Hospital for his over 400 hours of volunteer service.

On August 27, 1991, Rev. Anthony S. Dranginis, the beloved Lithuanian Post 154 Commander (1949-1951), Department of Maryland Chaplain (1988-1990) and Post Chaplain (1957-1991), was reassigned to Post Everlasting. He served in the U.S. Marine Corps during World War II in the Pacific and fought in combat in Guadalcanal where he received a battlefield commission to 2nd Lieutenant. He then took part in combat at Iwo Jima, where during the terribly bloody fight vowed to enter the priesthood if he survived the war. He went on to fight at Okinawa and after the occupation of Japan he rose to the rank of Captain. In the Spring of 1947, he left military service and returned to Lithuanian civilian life in Baltimore, which included participation in its theater group, singing society, The American Legion Lithuanian Post 154, and St. Alphonsus Church activities. Still, Anthony never forgot his battlefield vow and in 1956, he became an ordained Catholic Priest and was assigned as the assistant pastor at St. Alphonsus Church in 1956 and later pastor until his passing.

Rev. Dranginis will always be remembered as a leader of the Baltimore Lithuanian Community in all their religious and social activities. Father Tony, to his post members, was a plain spoken leader who loved everything about the American Legion and enjoyed being around his fellow veterans. He took great joy in our Field Masses, "Four Chaplains", "Back to God", and Memorial Day Commemorations. Yes, and even our annual American Legion Conventions in Ocean City, Maryland. He gave freely of his time to the American Legion for God and Country. Many of us will always remember Father Tony in this black clerical dress wearing his American Legion Hat proudly leading the Lithuanian Post 154 Flag Detail followed by a procession of church goes

from St. Alphonsus Church to Lithuanian Festival downtown locations. Although he never gave any indication of any political preference, Father Dranginis was an avid supporter of all things related to the Liberation of Lithuania from Russian occupation. God blessed Reverend Dranginis as he lived long enough to see his Lithuanian ancestral homeland free and independence again. Something he had dreamed of virtually all his entire life.

Rev. Anthony S. Dranginis, Past Lithuanian Post Commander (1949-1951), Department and Post Chaplain, starter of the annual Post Memorial Service, was transferred to Post Everlasting at a Catholic funeral mass at St. Alphonsus Church carried by Post 154 Pall Bearers with representative from virtually every Baltimore Post and Unit, and many Department officers. "Farewell, my Fellow Legionnaire."

At the Department of Maryland Convention, Post 154 received the Three Star Membership Award for exceeding the prior year's total membership and Commander Dulys received a gray sport coat and an Outstanding Commanders Cap and name pin for the Year 1993 - 1994.

Post 154 Oratorical Candidate received a \$500 Scholarship Award for his participation in the Department Oratorical Contest.

Lithuanian Post 154 has had many great historic joyful occasions, but regrettably as many sad days as well. During the 1994 - 1995 period, it suffered one of its greatest losses, Lithuanian Post 154 Unit ceased to exist. During the early years of the 1990s with their increasing age and declining health, fewer and fewer of the stalwart members of the Lithuanian Post 154 Unit appeared at post installations and the post's annual Lithuanian festival activities. Mary C. Byrne who served as the unit's president, from 1982 to 1994, valiantly continued her duties but increasingly her work involved reporting and publishing Baltimore Sun obituaries about the funeral services of her members.

For almost 50 years, the beautiful and dedicated white dressed women of The American Legion, Lithuanian Post 154 Unit Auxiliary were the mainstay of support at each and every one of the post's functions and activities. Without doubt, these ladies embodied The American Legion Unit motto. They truly honored the sacrifice of those who serve by enhancing the lives of our veterans, military, and their families, both at home and abroad. Among the unit members were Gold Star Mothers who lost sons that died in the service of the nation.

The Lithuanian Post 154 Unit was founded and composed virtually of the wives, sisters, and daughters of the World Wars post 154 members. They visited local veterans' hospitals, assisted in post fundraising events, ceremonies, and participated in

scholarship programs, Americanism Essay Contest for 3rd through 9th grades at St. Alphonsus, sold poppies, attended Back to God Masses, Post Everlasting Commemoration, and even cooked and cleaned before and after bull roast and celebrations. There was nothing that they refused to do or could not do. With the passage of time, virtually all of the unit's members have joined their loved one in Post Everlasting.

With the passing of President Mary C. Byrne, Lithuanian Post 154 Unit ceased to exist. Each and every one of these saints in their white dresses are sadly missed and will be fondly remembered by all that knew them. To paraphrase General George S. Patton, let us not mourn the passing of such greats but rejoice that they lived.

On February 3, 2013, Lithuanian Post 154 hosted The American Legion, Baltimore Department, Four Chaplains Memorial Service at St. Alphonsus Church, Baltimore, Maryland, which marked the 50th straight year the post has been hosting this annual commemoration. The service was initiated by pasted Post Chaplain Reverence Anthony Dranginis in 1963, to remember and honor four U.S. Military Chaplains, Methodist Minister George Fox, Rabbi Alan Goode, Dutch Reformed Minister Clark Poling, and Roman Catholic Priest John Washington, who gave their lives to save the lives of other soldiers. While being transported across the North Atlantic aboard the *Troop Transport Dorchester*, on February 3, 1943, the ship was torpedo by a German submarine. As the doomed ship was going down, these four Chaplains gave their life jackets to the soldiers and remained aboard to comfort and help others. These four Military Chaplains won immortality through living by the sacred words "Greater love hath no man than to lay down his life for his brothers."

In April 2013, Post 154 Chaplain Frederick T. Kaminski who three years earlier had been awarded a 'Special Citation' for having preformed 1,000 hours of volunteer service to the Disabled American Veterans, surely has now demonstrated the meaning of The American Legion Preamble. "To consecrate and sanctify our comradeship by our devotion to mutual helpfulness." Fred has now been awarded another "Special Citation" for 2,500 hours of volunteer service for God and Country earned through driving disabled veterans to and from Veterans Administration medical appointments.

In May 2013, Lithuanian Post 145 *Legionnaire*' Newsletter converted from bimonthly to a quarterly publication.

2020 Post Milestone

On January 1, 2020, the U.S. Congress finally corrected an administrative error that left Honorable Service Discharges Veterans serving between 1955 the official ending of the Korean War and the 1961 start of the Vietnam War from American Legion Membership. This correction finally allowed Vytautas Dulys, who had honorably served in the US Army from 1957 to 1960 and has been helping Lithuanian Post 154 in every one of its events since that time, to finally become a member of the post. Post 154 is proud of Legionnaire Vytautas Dulys' service both to his country and our post. For many years he bore this cross imposed by bureaucrats and never let it interfere with his service to God and Country that was finally corrected through American Legion legislative effort.

On March 1, 2020, Post 154 Flag Detail, consisting of Vincent Dulys, Walter Cooper, Thomas Sadauskas, Henry Gaidis, and Toivo Tagamets, presented its colors

at the Lithuanian Independence Day Celebration at the Baltimore Lithuanian Hall. Legionnaire Hugh Mills gave the heartfelt blessing which was followed by a beautiful rendition of the American and Lithuanian anthems. Post 154 Historian and Baltimore Lithuanian Museum Curator, Henry Gaidis, had opened the museum to the public and with the help of Legionnaires setup three large six by eight-foot Joint Baltic American National Committee (JBANC) Information panels. The informative display focused on the 1918 overthrowing a Czarist Russian 100-year occupation and the establishment of the free and independent Estonian, Latvian, and Lithuanian Republics.

Delicious Lithuanian food was served, both before and after the formal program, which commenced with the Kristijono Donelaicio Molykla (Lithuanian Language School) students reciting poetry, singing songs, and folk dancing. The students were followed by the adult Mituva and Malunas Folk Dancers. The formal program ended with an hour-long concert presented by "Tutto A. Dio," a very talented touring Lithuanian singing trio, and Augustinas the Accordionist and Greta playing the Viola. Another great Baltimore Lithuanian Celebration event that gave no indication of things to come.

Although the U.S. Federal Centers for Disease Control and Prevention (CDC) laboratory confirmed a case of the 2019 Novel Coronavirus, on January 20, 2020, only a few took any notice for a month or two. Ten days after the Baltimore Lithuanian Independence Day Celebration, the World Health Organization (WHO) designated the Coronavirus (COVID-19) outbreak designated disease as a worldwide pandemic. Without doubt the Chinese originated COVID-19 pandemic virus then quickly became a Major 2020 Worldwide Milestone which would last for several years.

By April 2020, it was estimated that the Coronavirus (COVID-19) had already exceeded the 58,220 American Vietnam casualties and would surely exceed 74,000 victims by the end of the year. As a result, nonessential business and government agencies were closed and virtually all civilian gatherings postponed or cancelled. The American Legion National and District Conventions and Post Installation, general meetings, and executive meetings, were cancelled until further notice just as quickly.

With the closure of the Baltimore Lithuanian Hall, because of government imposed mandates, all of its fraternal organizational meetings, including Lithuanian Post 154 General and Executive Meetings ceased. As a result, Post 154 Officer was unable to hold their traditional August General Meeting when Officer are nomination meeting and formal installation ceremony. Under the existing situation, the Post Commander established a telephone call-in system that allowed for officer nominations and our post elections. All of the incumbent post officers agreed to continue their tenure since there were no other candidates. As a result, on August 12, 2020, all of the current Lithuanian Post 154 officers were reelected to another term.

Post 154 Commander Joe Jankevicius, Vice Commander and Service Officer Gintaras Buivys, and Adjutant Vince Dulys kept the post functioning via the Zoom conferencing program using internet, telephone calls, and updated information about the Coronavirus (COVID-19) pandemic in its '*Legionnaire*' Newsletter. Joe constantly

reminded all in the newsletter that a large part of the post was composed of the most vulnerable of the American population and they should stay at home and avoid crowds as much as possible. Gintaras continued to send out post members birthday cards and to make Buddy Checks of post members.

Lithuanian Post 154 being a small post lives by the old U.S. Army/Marine unofficial slogan “Improvise, adapt, overcome”. When faced with a challenge frequently causes it to use their ingenuity and creativity to couple. Post 154 Historian Henry Gaidis entered into an agreement with the Lithuanian National Defense Force, Monthly Magazine Karys (The Warrior) to update his old articles and write new articles for their English language magazine Lithuanian Military Digest. This publication is intended for reading by fellow NATO Member forces to keep up their English language proficiency. Gaidis’ articles began appearing in these publications regularly starting in March 2020 and continued through December 2022 at which time the Lithuanian Military Digest was curtailed and their Karys Magazine being published in both the Lithuanian and English languages.

Henry Gaidis’ first Lithuanian American military article appeared in the Lithuanian Military Digest Magazine, April 2020, being an updated article captioned “Captain Ann Agness Bernatitus – a Lithuanian Origin U.S. Navy Legend. The article is a biography of a Lithuanian American nurse and features her service during the World War II Battle of Corregidor for which she received the first U.S. Order of Merit decoration because she was a non-combatant.

On September 15, 2020, over two years work conducted by Post Historian Henry Gaidis in conjunction with the Lithuanian Foreign Ministry, Lithuanian Embassy in Washington, D.C., and the U.S. State Department came to fruition. This work began with Gaidis’ offering to donate his Lithuanian Military Collection to the Lithuanian National Museum in Vilnius, Lithuania, which consisted of thousands of artifacts covering centuries of the nation’s military history lost during the 50 years of Russian occupation. Since the collecting included approximately fifty handguns and rifles, not to mention some 50 swords and bayonets, because of existing firearm regulations in both countries, their two foreign affairs ministries hard to virtually agree to a treaty like agreement to circumvent their own laws to allow this donation to take place. The Gaidis Collection arrived in Lithuania on November 6, 2020, and was catalog and researched for at least a year before being put on public display. Among other donated Gaidis Collection memorability is one of the Lithuanian Post 154 first uniform and other post relics that will now make the American Legion History known to the people of Lithuania.

Virtually every adult visitor to the booth was asked if they were veterans and if anyone expressed an interest was provided with member application and veteran information literature. Since the festival two new members have applied and hopefully a few more soon follow suit. An ample supply of current US military recruiting service handouts was available for the booths for younger visiting adults. Without doubt one of the biggest hits of the festival were the free blue and gold balloons given to kids at the post table. Among Post Legionnaires who manned the booth giving out information and literature and constantly blowing up balloons were Gintaras Buivys, Vince Dulys, Walt and Wendy Cooper, and Augustinas Uleckas.

In keeping with The American Legion mission to support its community activities, Post Historian and Baltimore Lithuanian Museum Curator Henry Gaidis manned two display tables containing many historical Baltimore Lithuanian ethnic and Post 154 memorabilia items and a large Baltimore Lithuanian History display banner. Post Legionnaire Thomas Sadauskas, well-known Baltic Genealogical, also provided genealogy information and counseling to interested visitors.

On May 10, 2024, Lithuanian Post 154 Legionnaire Leon Lukas, passed away at home after a long illness. Leon served in the U.S. Army from 1969 to 1971 and was an American Legion member for fifty-two years. At the time of his passing, Leon was serving as a Post 154 Executive Committee officer. On May 15, 2024, Lithuanian Post 154 held a Poppy Service for their fellow Legionnaire at Ambrose Funeral Home in Lansdowne, Maryland.

On May 30, 2024, Lithuanian Post 154 Members attended The American Legion, North Central District, Memorial Day Services held at the Baltimore National Cemetery in Catonsville, Maryland. Post Adjutant Vince Dulys conducted the POW/MIA Service and Post Everlasting Ceremony, assisted by Ronald L. Holcombe, Alternate National Executive Committeeman and Gintaras Buivys, Lithuanian Post 154, posting the KIA Flag. The keynote speaker at the commemoration was Tanya Bradsher, U.S. Deputy Secretary of Veterans Affairs. Other attending post members attending the commemoration included Joseph Jankevicius, Yvette Muhammad, and post friend, Mark Zaruba, who played Taps at the end of the service.
